This fee or assessment is \$ _____ payable annually in _____ (month) until _____ (date) to _____ (name and address) (hereafter called "lienholder"). There

If a Seller subject to this disclosure fails to comply with the provisions of this section:

(1) Prior to Settlement, the Buyer shall have the right to rescind the Contract and to receive a full refund of all deposits paid on account of the Contract, but the right of rescission shall terminate 5 days after the seller provides the Buyer with the notice in compliance with this section.

Consent for Dual Agency

(In this form, the word "seller" includes "landlord"; "buyer" includes "tenant"; and "purchase" or "sale" includes "lease")

When Dual Agency May Occur

The possibility of Dual Agency arises when:

- 1) The buyer is interested in a property listed by a real estate broker; and
- 2) The seller's agent and the buyer's agent are affiliated with the same real estate broker.

Important Considerations Before Making a Decision About Dual Agency

A broker or the broker's designee, acting as a dual agent does not exclusively represent either the seller or buyer; there may be a conflict of interest because the interests of the seller and buyer may be different or adverse. As a dual agent, the real estate broker does not owe undivided loyalty to either the seller or buyer.

Before the buyer and seller can proceed to be represented by a broker acting as a dual agent, they must both sign Consent for Dual Agency. If the buyer has previously signed this Consent for Dual Agency, the buyer must **affirm** the buyer's consent for the purchase of a particular property before an offer to purchase is presented to the seller. If the seller has previously signed Consent for Dual Agency, the seller must **affirm** the seller's consent for the sale of the property to a particular buyer before accepting an offer to purchase the property. The **affirmation** is contained on Page 2 of this form.

Your Choices Concerning Dual Agency

In a possible dual agency situation, the buyer and seller have the following options:

1. **Consent in writing to dual agency.** If all parties consent in writing, the real estate broker or the broker's designee (the "dual agent") shall assign one real estate agent affiliated with the broker to represent the seller (the seller's "intra-company agent") and another agent affiliated with the broker to represent the buyer (the buyer's "intra-company agent"). Intra-company agents are required to provide the same services to their clients that agents provide in transactions not involving dual agency, including advising their clients as to price and negotiation strategy.
2. **Refuse to consent to dual agency.** If either party refuses to consent in writing to dual agency, the real estate broker must terminate the brokerage relationship for that particular property with the buyer, the seller, or both. If the seller terminates the brokerage agreement, the seller must then either represent him or herself or arrange to be represented by another real estate company. If the buyer terminates the brokerage agreement the buyer may choose not to be represented but simply receive assistance from the seller's agent, from another agent in that company, or from a subagent from another company. Alternatively, the buyer may choose to enter into a written brokerage agreement with a different company.

Duties of a Dual Agent and Intra-Company Agent

Like other agents, unless the client gives consent to disclose the information, dual agents and intra-company agents must keep confidential information about a client's bargaining position or motivations. For example, without written consent of the client, a dual agent or intra-company agent may not disclose to the other party, or the other party's agent:

- 1) Anything the client asks to be kept confidential; *
- 2) That the seller would accept a lower price or other terms;
- 3) That the buyer would accept a higher price or other terms;
- 4) The reasons why a party wants to sell or buy, or that a party needs to sell or buy quickly; or
- 5) Anything that relates to the negotiating strategy of a party.

*** Dual agents and intra-company agents must disclose material facts about a property to all parties.**

How Dual Agents Are Paid

Only the broker receives compensation on the sale of a property listed by that broker.

If a financial bonus is offered to an agent who sells property that is listed with his/her broker, this fact must be disclosed in writing to both the buyer and seller.

Consent for Dual Agency

I have read the above information, and I understand the terms of the dual agency. I understand that I do not have to consent to a dual agency and that if I **refuse** to consent, there will not be a dual agency; and that I may withdraw the consent at any time upon notice to the dual agent. I hereby **consent** to have

RADON HEALTH RISK INFORMATION

Radon is the second leading cause of lung cancer, after smoking. The US Environmental Protection Agency and the Surgeon General recommend further action be taken when a home's radon test results are 4.0 p Ci/l or higher. The national average indoor radon level is 1.3 p Ci/l. The higher the reading, the greater is the health risk. Reducing radon levels is done fairly easily and inexpensively, even for homes with very high levels

This test was performed using the E-Perm technology (Electret - ion chambers)

Note: test results can be affected by external conditions (ie. High winds , heavy rain, snow, etc.) which can change the natural emissions of radon in the soil during the time of the test. Additionally, placement of the test package near a source of constant air flow; operation of external exhaust fans; and operating fire places - can produce a skewed result. Every attempt is made to avoid these conditions from influencing the test results.

United Radon Sciences and ppi make no warranty of any kind (either express or implied) for any claim, charge, or demand, whether in contract, tort, or otherwise, for any and all cost, charge or claim, demand, fee, expense or damages of any nature or kind arising out of , or connected with, resulting from, or sustained as a result of this Radon test. URS and ppi accepts no responsibility for any Radon removal equipment, installation, or proper continued operation, unless requested and contracted to inspect and/or warranty this equipment. Neither URS or ppi accept any responsibility for any financial or health related consequences or subsequent action taken by any party, based on these test results.
